

WE SERVE BANKS NATIONWIDE & ARE DRIVEN BY INNOVATION, TECHNOLOGY & PERFORMANCE

Electronic Payment and Services (P) Ltd. is a leading payment system company founded in 2011 by veterans from the Banking, Technology and Retail industries. EPS is headquartered in Mumbai, the financial hub of India and was launched with a vision and mission to be a leading provider of technology solutions in the Retail Banking & Payments System, by providing cost effective banking and transaction related services and solutions (ATMs) across India and to bridge the gap in the demand for efficient, secure, technology driven products and services in the banking industry.

EPS is highly specialized and adept at end-to-end large scale project management and consulting services for Automated Teller Machine (ATM) Operations & Outsourcing Services and ATM Managed Services thereby enabling banks to concentrate on core banking functions. This includes a focused business model and specialized resources for setting up of Data Centre Infrastructure, Financial Transaction Switching, Tools Implementation & Assessment, Managed Services and SLA Management.

EPS provides best-in-class PCI-DSS certified Transaction Switching Solution services catering to the demanding security requirements in today's dynamic digital world. Its's highly reliable and fully EMV Compliant attribute aids in high-volume implementations thus signalling a high-performance EFT system. It supports rapid integration with existing and new payment channels and is highly scalable, making it convenient to fraud detection systems and protecting data management/inflight transactions. It supports all major ATMs, multiple POS devices, mobile payments and Internet payments channels and can drive all industry standard front-end payment devices.

This initiative of EPS' comprehensive range of services comes with best-in-class system integration, project management and technical excellence catering to end-to-end Technology Solutions Provider for banks.

EPS built a firm reputation on delivering results, reliability and dependability, having successfully deployed over 6000 ATMs for 26 banks in urban and rural locations across India, in support of the Ministry of Finance (Govt. of India) led mission to drive 'Financial Inclusion'. Recently EPS entered into a consolidated deal with NCR Corporation, India where EPS will be managing around 4000 plus MoF ATMs across regions of Kerala, Bihar, Jharkand and Lakshadweep. With this, EPS will now be having a gross portfolio of more than 10000 plus ATMs in India.

Our team of 'ATM & Payment Technology Evangelists' has more than 150 years combined industry experience in the retail payment sector and have pioneered various initiatives in the ATM & Payment industry in India i.e. 1st ATM installed in India for HSBC in 1987, 1st shared ATM network 'Swadhan' by India Switch Company in 1997, 1st of its kind transaction based ATM business model for Brown Label ATMs in India, deployed the 1st live ATM in Mumbai for the Ministry of Finance Project in July 2012 etc.
