EPS Family Day

EPS being the fastest growing ATM Service Provider, is well recognised by the banking industry in India. At EPS, we are continuously involved in driving innovation in the ATM & Payments sector and this is possible only due to the pool of talented, energetic and dedicated workforce employed at EPS.

EPS was pleased to organize an Annual Family Day Event for all employees and their families on the November 22, 2014 at Meluha - The Fern Hotel, Powai, Mumbai. The HR department arranged a get-together for all employees and their family members for a fun filled day of activities and games.

It was a day intended to entertain, stimulate and pamper our employees and their families with a wide range of exhilarating activities within a safe environment. It was a pleasure to spread smiles through various activities like Dance & Music performances, Stand-up Comedian, Magic Show, Group Games etc. Entertainment didn't stop here, the Mascot, tattoo maker and face painters had not only engaged the little ones but also their parents too. Our Annual Family Day created a platform for all the employees and their families to experience the 'caring and sharing culture' prevalent within EPS and we endeavour to actively engage our employees more creatively & effectively in the future.

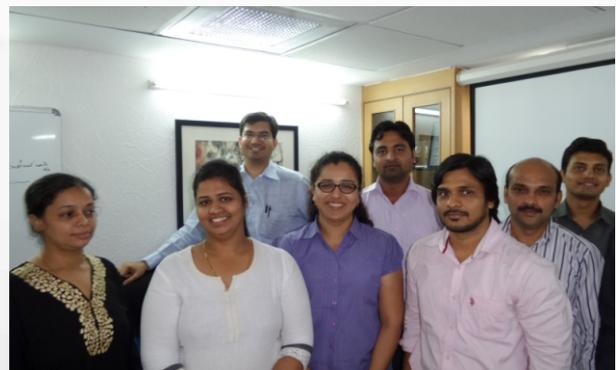

We believe 'No man is successful, unless he first loves his work', so let's work with renewed vigor towards the EPS vision and mission because we know that talent wins games, but teamwork and intelligence wins championships. EPS is well on its way to achieving many more benchmarks in the future and we look forward to the continued dedication, perseverance and support from all EPSians.

World Disability Day - Awareness Campaign

Do you know 7% of the population today is disabled? Do we know what to call them, how to treat them and why they aren't seen as often if 7 in 100 are disabled?

The problem is with our mindset which doesn't allow inclusion from the heart. However, we also have the power to change all this and the first step in this direction is about being aware. Disability is not always by birth, it can happen to anyone during a mishap and we need to learn to give our disabled friends a life of dignity.

On the occasion of World Disability Day, EPS was pleased to conduct a 'Disability Awareness Campaign' at EPS corporate office on December 3, 2014, through Project Heena and Trinayani, leading NGOs based in Mumbai. The screening of an informative documentary film and role play sessions certainly had an impact on each and every volunteer at EPS. This session opened a path to discuss the topic resourcefully and ensure equal opportunities are offered for all such specially abled individuals.
